

HOW TO ORDER

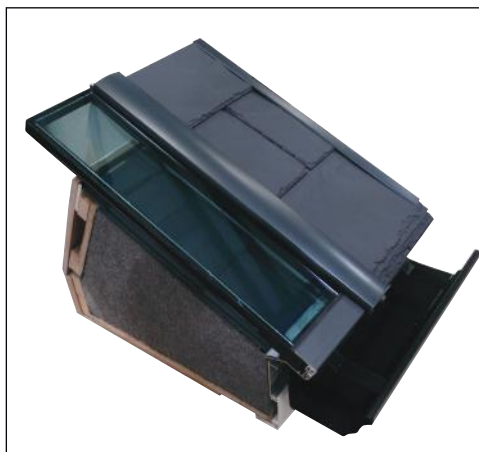

Direct customers can **order** brochures and samples by using the form on page 10 & 11 and emailing your order to our Marketing department on:

email: marketingsupport@ultraframe.co.uk

To **discuss** customised materials please contact the Marketing Team on:

Tel: 01200 452367

If you order your roof from a Fabricator or trade intermediary, we request that brochures are ordered in conjunction with your roof orders.

WELCOME

Content and Intro

Whether you are in retail sales or trade sales, having the right tools is the key to success. Ultraframe is proud of its pedigree in the provision of high quality samples, brochures and point of sale materials.

Have a look at our new consumer brochure- showcased below.

And we are investing heavily in digital too. Our website is a mine of useful information and we have our UDAM Asset Management system (see page 8) and now we have a NEW app- see page 3.

CONTENTS

section 1	Brochure Overprints	3
section 2	UDAM System	4 - 5
section 3	Ultraframe App	6
section 4	Consumer Support	7
section 5	System Overviews	8
section 6	Installation Guides	8
section 7	Samples	8 - 9
section 8	Order Forms	10 - 11

Section 1

CONSUMER SUPPORT - BESPOKE

The 48 page consumer CORE Brochure can be CUSTOMIZED BY YOU with YOUR Logo and company details on the outer front and back cover. You can also choose suitable pictures for cover. Choose from our flexible quantities as below to be printed.

Contact our Marketing department on 01200 452367 or marketingsupport@ultraframe.co.uk on guidance on how to proceed.

Consumer Brochures - Style option squares

Section 2

UDAM - ASSET MANAGEMENT SYSTEM

Ultraframe's Asset Management System is where you can find images of the different products that you need. Within UDAM you can navigate through images, brochures, videos and documents. Also you are able to search for specific images e.g. 'Green Loggia'. **Should you wish to use UDAM, please contact our Marketing department on 01200 452367 or email marketingsupport@ultraframe.co.uk**

MAKING YOU ‘APPY

Whether you’ve got a showroom or not, we believe that every loyal customer should be able to showcase our systems in the same way. That’s why we’ve developed the new Ultraframe Retailer App – the first of its kind and without question, the most exciting and inspirational tool available.

Fast, efficient and instant

The new App completely removes any time lag between the initial consultation and the sharing of brochures, videos and images with the prospective client. Directly from your device, and even without the need for internet access you can show all the relevant marketing material to your customer.

Make it personal

And as you’d expect, we’ve designed the App so you can log in to a password-protected area and refine the content to suit your needs. Creating one place for brochures, technical guides, order forms and pricing information. We’ve even built in ‘authority passwords’, which means as a business owner you can define different levels of access for different team members ensuring that everybody has access to the most relevant information for their role.

In the background

Because we know how busy you are we’ve completely eliminated any need for you to ‘refresh’ your marketing material. All the information available via the App will be the very latest versions pushed through as notifications – leaving you just to get on with the job of selling.

VIRTUAL SHOWROOM

See it to believe it! We’ve designed a virtual showroom...yes, a showroom that you can take to your customers home to give them a complete 360° view of what it would be like to stand in an Ultraframe conservatory, orangery or extension. The App, combined with Virtual Reality Goggles is perfect for all our network partners – those with or without a showroom.

VRG001 - VIRTUAL REALITY GOGGLES

£21.02

CONSUMER SUPPORT - OFF THE SHELF
